Intimacy. What is it? Contrary to what the tabloids might have us believe, achieving true intimacy with another person is a multifaceted endeavor. Intimacy is the compelling desire and need to be linked to, or connected with, another person. And this linkage can occur in several ways. Authors Brenton and Margaret Yorgason suggest that intimacy goes beyond the physical closeness a man and a woman can share. Physical intimacy in marriage, as important as it is, is superficial until elevated to the status the Lord intended.
