

The Story Behind the Bible; Book II - The Prophets: An Intermediate Scriptural Study

The Bible contains answers to the most pertinent and intriguing questions of our time. The book you are holding not only contains a highly comprehensive overview of the entire Old Testament but also proves that the prophets of the Bible made impossible and miraculous predictions and prophecies concerning future events, including our current era. This book reveals the current and historical fulfillment of the prophets' visions, and virtually proves that God's hand steers the broad stream of world history. It also reveals the truth about the afterlife, angelic beings, and mankind's true origin. Many today do not believe that it is possible to foresee the future, predict the outcome and destiny of future events and people, or guide the very course of history. The author demonstrates in these pages that the prophets of the Bible mapped out world events centuries and millennia before they appeared on the stage of history and that God, with His people, brought those miraculous worldwide events to pass. The Prophets, the second book of J. K. Alexander's three-part series titled *The Story Behind the Bible* follows the exact format of the Bible chapter by chapter in a highly condensed and readable style that will have readers turning pages quickly and reaching for their Bibles often.
