

# Geographies of Womens Health: Place, Diversity and Difference (Routledge International Studies of Women and Place)

This international collection explores the relationships between society, place, gender and health, and how these play out in different parts of the world. The chapters work together in examining the complex layering of social, economic and political relations that frame womens health. The authors demonstrate that womens health needs to be understood in place if gains are to be made in improving womens health and health care.
