Club Reduce is committed to your health, vitality and wellbeing. We continue to research and develop products and programs that offer total body wellness. Because of the need to regularly rid the body of accumulated toxins and waste materials, Club Reduce is proud to offer you the ultimate detoxification and body cleansing program. Designed with the aid of physicians, nutritionists, and herbalists, our 20-Day Rejuvenation Cleanse Program has helped thousands of people in their quest for health and vitality. Detoxification is one of the most important factors in the promotion of good health and disease prevention. Our program helps the body to cleanse itself of toxins, mucus and other waste materials in the intestinal tract and major vital organs, improving the way they function. This not only restores new energy to the vital organs, but to the entire body as well. Benefits of Detoxification: An increase in energy is experienced. The digestive tract can rid itself of accumulated waste and putrefied bacteria. Liver, kidneys and blood are purified and function more effectively. The peristaltic action of the colon is strengthened. A mental clarity occurs that is not possible under the constant bombardment of chemicals and food additives. Physical dependency on habit-forming substances such as refined sugar, caffeine, nicotine, alcohol and drugs is greatly diminished. Bad eating habits are broken. As you come off the program, it is easier to make wiser food choices. The stomach has a chance to return to normal size, making it easier to control the quantity of food eaten.
