

EPIDUO Gel: Indicated for the Topical Treatment of Acne Vulgaris in Patients 9 Years of Age and Older

Although, your health condition may impact your everyday life, do not let it define who you are. EPIDUO (adapalene and benzoyl peroxide combination) gel is used to treat acne. It works by killing the bacteria that cause acne and by keeping the skin pores clean (tiny openings on the skin). This medicine is available only with your doctors prescription. Thanks and may you have a good understanding about this drug EPIDUO. You may want to share this book with your family and friends who may be in need of help and would want to use this medicine. Take care, and as always, be well!
