

Womens Health in Menopause: Behaviour, Cancer, Cardiovascular Disease, Hormone Replacement Therapy (Medical Science Symposia Series)

Few topics in womens medicine today are as fraught with confusion and controversy as the question of appropriate treatment for menopausal symptoms and the prevention of negative long term health outcomes common to post-menopausal women. Cardiovascular disease (CVD), osteoporosis, and cancer -- the most common causes of death, disability and impaired quality of life for women -- can potentially be prevented or forestalled by dietary, behavioral, and drug interventions. A better understanding of the natural history of the menopause is critical to providing better care. If women and their physicians have a better understanding of predictors of risk, they could make more informed decisions about interventions related to menopausal symptoms, CVD, osteoporosis and gynecologic and breast cancer. Few other recently introduced medical interventions have as great a potential of affecting morbidity and mortality as does hormone replacement therapy (HRT). HRT has produced effect on health risk: some are reduced, some are raised, and some uncertain, and these data are interpreted differently by various scientific, medical and consumer groups.

June 12, 2016 By admin Leave a Comment Your letter box is untouchable. You don't own it. The minute you put your letter drop before your home, it is represented by the standards of the mail station. What's more, in the event that you utilize it for anything besides postal business (and pay the expenses), you're searching for a fight. The following is an immediate quote from the USPS' Postal Bulletin (Issue 21861, â€¦ [Read more...]) Direct Marketing ? Prospecting ? The Third Mailing is the Kicker March 13, 2016 By admin Leave a Comment Direct Marketing ? Prospecting ? The Third Mailing is the Kicker Prospect mail programs need to assemble a notoriety for themselves to be viable. I generally suggest a progression of three mailings while prospecting through standard mail. The following are my reasons. How about we first accept, be that as it may, that you've planned a successful letter and/or leaflet. Mailing #1. A few prospects will hurl your mail naturally. Most, be that â€¦ [Read more...]) Direct Marketing ? Do Not Laser Your Envelopes March 12, 2016 By admin Leave a Comment Direct Marketing ? Do Not Laser Your Envelopes Envelopes that you gone through your laser printer look delightful when they first turn out. They appear as though they've gone through a battle region, however, when the letter achieves its last destination. Here's the reason: lasers use toner which is dropped onto the paper in little raised heaps and afterward gone through a fuser which warms the "heap" at around 400 degrees â€¦ [Read more...]) Direct Marketing ?
