If you're looking for the sage wisdom of an author who's been there and done that, look no further. Kimberly Michelle is your new go-to girlfriend for advice on all things dating related. Dating in the age of narcissism is harder than ever, and nowadays women can't seem to recognize the three obvious flags inherent to dating: the red, the yellow, and the green. Never fear! Michelle is here to lay it all out for you. Whether you are a divorcee, newly single, a single mom, or a soon-to-be married woman, this book is for you. It functions as a quintessential primer to allow modern women everywhere to get ahold of their relationships. A testament to the author's many failed and successful relationships over the past twenty years, Michelle sets out to help you get the relationship you want and deserve. While most dating books for single women focus on the goal of being successful in finding the perfect mate, *Dating in the Age of Narcissism* focuses on past failures as a way of obtaining the proper knowledge that leads to success. Written like a letter between girlfriends, you'll come away from these words armed with the real truth about dating in its purest and rawest form.
