

What Ministers Cant Learn in Seminary: A Survival Manual for the Parish Ministry

In 1985, What They Dont Teach at Harvard Business School became a blockbuster bestseller because it offered proven-effective, school of hard knocks advice--not just classroom theories--to business people. Now, What Ministers Cant Learn in Seminary does the same thing for beginning and experienced pastors and seminarians. In bright, optimistic, good-humored language, R. Robert Cueni takes us step-by-step through the predictable crises of early ministry. He discusses the realities of congregational life, the difference between normal tensions and critical problems, and dozens of other problem areas. He also shows how to find a way through the maze of expectations held by church members. What Ministers Cant Learn in Seminary is distilled wisdom at its very best, offered with vigor and compassion--realistic about the church and highly affirmative of ministry.
